TELEGRAPHIC.

(By Special Telegraph.)

WINNIPEG, Oct. 26.—The great Cambridgebridge stakes were run for in England yesterday. Veracity was a good winner; Cactus, second and Bismarck third. For the Dewhurst plate the Duke of Portland's Donovan was the winner.

There is great excitement here over railway matters. The Provincial Government is building a branch of the R.R. V. R. from Winnipeg to Portage la Prairie. This road crosses branches of the C.P.R. four miles west from here and at Headingley. The Attorney-General submitted plans of crossing to the Railway Committee of the Privy Council for approval. Objections were raised by the C. P. R. on legal points. Both parties submitted statements of their cases for opinion to the Supreme Court now sitting at Ottawa; when this is given the Council will decide accordingly. Regardless of these proceedings the Government proceeded with the lines. The Manitoba Court granted an injunction restraining the Government from crossing the C. P. R. Regardless of injunction the Government on Saturday proceeded with 200 special constables to force the crossing. Anticipating this, Supt Whyte, on Thursday last dumped a dead engine on a temporary siding at a point where the grade crossed the C. P. R. and stationed 500 employees there to protect their property. When the Government force arrived on Saturday they were unable to do anything because track layers were a half-mile from crossing.

On Monday injunction was argued but judgement was reserved until Wednesday, when the Chief Justice dissolved the injunction. Meanwhile rails were being laid to dead engine. As soon as the injunction was dissolved the Government called for 2,000 men to go on Thursday to remove the dead engine and effect a crossing. The C.P.R. authorities immediately secured another injunction, returnable on Friday, and increased their force of men.

The Government did nothing on Thursday, presumably to avoid a repetition of the difficulty and to get the start of the C. P. R. The Government on Wednesday night put in a diamond at Headingley but on Thursday the C. P. R. removed it.

The Government are determined to reach Portage la Prairie this fall and the C. P. R. people are just as determined they shall not unless the difficulty is finally settled by higher authorities.

The Government left twelve constables on the scene to prevent interference by the C. P. R., but on Friday Supt. Whyte with fifty men overpowered them and took up the diamond and brought it to the city.

On Thursday evening a gang of C. P. R. men, under Supt. Whyte, went to Morris Crossing and put in a siding, where the proposed Brandon extension of the R.R.V.R. crosses the C. P. R. This siding will be filled with cars, thus checking the Government at another point.

Mass meetings were held in Winnipeg and Portage la Prairie pledging moral and physical support to the Government, but so far the support has been entirely moral.

Violence is feared momentarily.

The Soap Suds Syndicate Laundry is now in full blast and Messrs Given & Starforth intend doing all kinds of washing in first-class style. These gentlemen are very enterprising and will guarantee good work. Give them a trial. Set advertisement in another column.

The Curling Club met in the Council Chamber on Wednesday evening last for the election of officers and other important business. The officers elected were: President, Mr. George T. Brown; vice-President J. Sanderson; Sec. Treasurer, Mr. J. McTaggart; Committee of Management, Messrs Thos. McKay, Jas. McKay, Betts, Agnew and MacLise. Mr. Justice and Mrs. McGuire, Patron and Patroness; Col. Sprout and Geo. D. Northgraves, Representative Members; Rev. Mr. Howard, Chaplain.

Rubbers and Over-shoes at Walters & Baker's.

Eno's Fruit Salt, Warner's Safe Cure, Kindall's Spavin Cure and Papoma at T. E. Jackson's.

Mr. B. Wynne has removed to his fine, new residence on the hill.

Hay was very scarce in town owing to the bad roads and the early, heavy fall of snow.

Mr. J. M. Coombs has removed from the west end to the centre of the town on Fourth street.

Remember the Soap Suds Syndicate will do the best washing in town. Chawley will likely call for your soiled linen next week.

The council have passed a by-law compelling people to clean off the snow, etc., from the sidewalk in front of their premises under penalty of a heavy fine.

A few barrels of apples left at Walters & Baker's.

The Battleford Little Joker made its appearance again this week after an absence of three weeks. We had come to the conclusion that it had jaded itself to death.

The council should see that all the drains and culverts are open before the large quantity of snow and water that is now in them, freezes, thereby retarding their usefulness in nice spring.

The friends of Mr. R. H. Bratnaber will be sorry to learn that that gentleman contemplates leaving Prince Albert very soon to take a situation in the United States which has been offered to him.

The members elect of the Territorial Legislature for Prince Albert and Kinsistino, Messrs. Betts and Plaxton and Capt. Hoey, left on the last stage for Regina, where they were summoned to meet on the 31st inst.

We believe that a company is being formed to put a tug on this river next summer. The intention is to bring coal from up the North Saskatchewan and Medicine Hat. This is an enterprise that cannot help but be remunerative.

Buy your T from Walters & Baker. With every pound of Japan tea you will get a Japanese basket.

The residents of River street, west of King street, laid down a one-board sidewalk from King street to Jackson's drug store. This is a commendable move and the council should take it in hand and finish it and also spend a little more money on sidewalks in town.

Walters & Baker are offering Overcoats and Pea Jackets at such low prices that everybody should have one.

Owing to the very heavy fall of snow last week, this week's mail was twenty-four hours late. It left again on Wednesday at noon, which gave merchants and others who had correspondence to answer by return a very short time to do so. Until the roads and river freeze up we cannot reckon on the mail running on time.

Mr. Lachlan Kennedy arrived in town on Wednesday last in a skiff from Edmonton. Mr. Kennedy left Edmonton on the 26th Sept. last and visited the settlements on his way. He is taking orders for a glove and moccasin house in Acton, Ont., and also soliciting subscriptions for the Winnipeg journals. Mr. Kennedy has enjoyed the trip immensely and speaks very highly of the country passed through.

ADVICE TO MOTHERS.
Are you distressed at night and broken on your feet by a sick child suffering with colic and pain of cutting teeth? If so, send at once and get a bottle of Mrs. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEething. It will relieve the poor little sufferer from distress. Depend upon it, mothers; there is no mistake about it. It cures diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. WINSLOW'S SOOTHING SYRUP FOR CHILDREN TEething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c. a bottle.

TERRITORIAL NEWS

CALGARY.

From the Tribune, Oct. 10.

This morning as an Indian was riding a very nice pony on section 16 he was attacked by a lot of useless curs that infest Calgary. The pony started to run away and stepping in a gopher hole he keeled over and broke his neck. The Indian got up rubbing himself, evidently not much hurt, but denouncing the loss of his steed.

Last night the Macleod coach brought in a disabled policeman from High River to the hospital here. The unfortunate man was a member of P troop and was with Major Steel in the Kootenay country. He, with some others were sent out from Macleod to search for some horses that had been lost on the trip over, but he became almost helpless from rheumatism. The suffering of the poor fellow on the trip in was something terrible.

Information comes from Banff that the application made to the Lieut. Governor by Dr. Brett to be allowed the same privileges in the sale of wine and beer at the Sanatorium as the C. P. R. enjoys, has been granted. Has our Mr. Reilly of the Royal heard anything of his application? Extension of these wine permits is evidently the order of the day, and Mr. Royal apparently does not intend to make fish of one and flesh of another.

While New Westminster has been boasting of a second growth of green Bartlett pears Calgary can go one better and speak of a second crop of ripe strawberries. On Sunday as some ladies and gentlemen were strolling along the banks of the Bow they came across a quantity of ripe fruit. There were also some blossoms and green berries. This seems remarkable for the 7th of October, but with the thermometer dancing away up in the seventies and eighties; what wonder that berries should yield a second crop.

QU'APPELLE

From the Vilette, Oct. 11.

The close season for whitefish is now at hand; therefore, fishermen, beware.

Wiggins' storm is supposed to have started at night when most of the people were asleep which accounts for so few knowing anything about it.

The festivities of to-day are to be concluded with a ball and supper. The former will take place in the town hall and the latter in the parlor of the Woodbine.

We understand the Indian Department have established a new Agency at Pelly, and that Mr. W. E. Jones, of the Touchwood Hills, has been appointed agent there.

The fall show takes place to-day, and from the preparations made and the entries handed in, we have every reason to believe that the show will be a grand success—provided the weather is propitious.

From the Progress, Oct. 11.

The potato crop of Mr. A. J. Baker, our enterprising immigrant agent, yielded at the rate of 436 bushels to the acre.

Previous to Tuesday's rain there were prairie fires raging in almost every direction. Fortunately the bluffs in this vicinity escaped, but on the open plain south, stacks of hay were destroyed.

The destructive prairie fire on the Pleasant Plain to which we referred last week, it appears was caused by a man burning up a field of frosted grain and the fire getting beyond his control by not having the field protected by an effective fire guard. We understand he has offered to pay part of the damage done to his neighbors' property.

FORT MACLEOD.

From the Gazette, Oct. 11.

A number of our townspeople are camped in the mountains for their annual outing, fishing, shooting and otherwise enjoying (?) themselves.

The meeting of the ex-policemen's association called for Saturday last was postponed till a later date on account of the absence from town of many members.

The many friends of Insp. Sanders, N. W. M. P., will join in congratulations on his marriage on the 2nd of October to Miss Jukes, daughter of Dr. Jukes of the N. W. M. Police at Regina.

Lieut. Col. Herchner, Assistant Commissioner of the N. W. M. P., leaves town to-night for Manitoba on important business. At the request of the Department of the Interior a detachment of sixteen men of the mounted police under command of an officer, is to be stationed along the southern boundary of Manitoba to put a stop to the stealing of timber

and evasion of customs duties thereon by American citizens. The department has received information that a large quantity of timber has been stolen in southern Manitoba, particularly the Cypress Hill-district, by Americans, and smuggled across the line.

EDMONTON.

From the Bulletin, Oct. 6.

Coal oil famine in town now.

Harvesting is over. It is very late but very good.

J. Leary and L. Kelly returned from Beaver Lake on Saturday well loaded with geese and waveys.

Flowers are still in bloom in the gardens in town and some tomato vines are still untouched by frost.

Otto J. Klotz, government astronomer, who was taking observations here this summer to establish the location of the 5th principal meridian, has reached Winnipeg.

It is reported that there are with Keeseekawasis on the Stony Plain, three white men and a negro from across the lines. The white men are named respectively Davis, Wilson and Williams, and the negro, Hoick. George says he was unarmed until he reached Battle river when he bought a gun and a pair of moccasins.

BATTLEFORD.

From the Herald, Oct. 6.

On Saturday last an Indian who had been employed as driver on L. Caplette's freighting outfit was brought into town with a broken leg. He was trying to get on a wagon while it was in motion, on the Wednesday previous, by climbing up between the wheels, when he missed his footing and fell under the wheel, with the result of breaking his leg between the knee and hip. The sufferer displayed a good deal of nerve at the time of the accident. He had hold of the reins at the time, and when the wheel had passed over his leg he backed the wagon over it again, otherwise he would have had, in all probability, both legs broken. His injuries are being attended to in town.

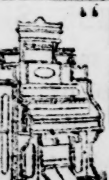

During the investigation into the last of the numerous complaints entered by parents of children attending the Protestant public school against T. Beath, the schoolmaster, for cruelty in punishing children, that gentleman proved the value of the diploma he lately received from some country college or other, in so far as its evidence may relate to the possession of good manners, by calling the complaining parent a "liar," and promptly had his face "slapped"—at least that is what they call it. The trustees have, often, and almost since the beginning of his engagement, had occasion to re-monstrate with Mr. Beath upon the excessive punishment he gave to children of tendage, and forbidden corporal punishment except in extreme cases. This time however the schoolmaster seems to have proved himself of the opinion that brutally treating young children in a manner that the law would not permit to be used to dumb animals was within the limit allowed by the trustees. They do not agree with him, and have now forbidden him the privilege of inflicting corporal punishment in any case during the short time his services will be retained.

TOWN COUNCIL.

On Monday evening last Couns. Johnson, McPhail, Stewart, Knowles, Davis and Agnew assembled at the Civic Board by special notice.

His Worship the Mayor not being present Coun. Agnew was voted to occupy that exalted position.

COMMUNICATIONS.

A communication was received from Mr. Geo. Foulds, of Winnipeg, re opening of street across R. L. No. 73; and from David Williamson, town constable, re report of days on duty as constable.

ACCOUNTS.

The following accounts were received and referred to the Finance Committee: TIMES Printing Office, \$10 25; Wm. Farney, \$15; Wm. Farney, \$5.

REPORTS.

Peter Robertson, the town constable, presented his first official budget, which contained a melancholy account of his incarceration by the N. W. M. P. hero of liquor fame.

THE FIRE, WATER AND LIGHT COMMITTEE.

Presented the following interesting document:—

Your committee beg to report that T. J. Agnew's tender for rope and J. L. Johnson & Co's tender for chain was accepted.

Your committee would recommend the taking over of the tank as contracted for from the contractor, also that the extension asked for by the contractor re fire platform be not granted, but that your committee take over the lumber laid down for the building of the same at cost.

Your committee would also recommend that John Offord be given the contract to fill the tank as per tender, viz: six and one-half cents per barrel.

COMMITTEE OF THE WHOLE.

The council then went into Committee of the Whole to consider the report of the Fire, Water and Light Committee.

This was the most interesting part of the evening's entertainment, and after a very careful and considerate discussion of the matter, during which there was considerable of a "chaw" indulged in, the chairman reported as follows:—

That the report of the Fire, Water and Light Committee be referred back for completion and that an inspector be employed to inspect the new tank and report at the next meeting of the council.

This recommendation was followed by the following motion:—

Moved by Coun. McPhail and seconded by Coun. Stewart that the appointment of Mr. McKeehin, made by the chairman of the Fire Water and Light Committee, be ratified and that his verbal report as to whether the new tank will hold water or not, be accepted to night and if not satisfactory, Chas. Hamilton be called on to decide.

The council had again to go into Committee of the Whole to ask Mr. McKeehin if the tank would hold water or not, and was answered in the negative.

By this time it was getting late but the council decided to sit a half-hour longer and put through the by-law regarding the cleaning of the sidewalks.

The council then adjourned to meet again on Monday evening next.

DUCK LAKE.

Mr. A. J. McNeil, clerk in the Indian Department here, left by stage for the east. He will be absent about two months.

Harry Kelly sold most of his fine band of cattle to buyers from Battleford at good figures.

The engine and machinery for our grist and saw mill has been shipped from the east.

Treaty was paid, to deserving Indians in this district, on Saturday last.

Mr. Batoche left on Wednesday last for Fort a la Corne, where he will remain all winter.

On Tuesday last Miss Shearer was married to Mr. Pope, an ex policeman.

Settlers say wolves were never so plentiful as at present. Bands of twenty-five and upwards have been seen, and several farmers have missed their calves.

Snow to the depth of twelve inches fell here last week, and travelling since is next to impossible.

Many of our farmers have not their roots out of the ground yet.

Mr. Bourgeois, D. L. S., is still here. He is visiting all the settlers who have

not made entry for their land

The Duck Lake annual horse and pony races and athletic sports took place on Saturday last, when good sport was produced which appeared to be highly appreciated by the Indians. A sumptuous repast was first given to the Indians by the popular agent, Mr. R. S. McKeuzie. Indian Instructor Louis Marion ably officiated as starter, and Mr. R. S. McKeuzie was judge. Races for men, boys, women and girls were first on the programme; good fields and close finishes were the order of the day. The day's sports terminated in a tug of war between ten men each from Beady's and One Arrow's band. The latter, a sturdy lot of fellows, proving the victors amidst intense merriment. Our Indian agent intends making this an annual affair and I think it a grand idea.

GRAND UNION LIVERY STABLE.

Opposition is the Life of Trade

A First-class Livery, Feed and Sale Stables

We would like to invite the public when in Prince Albert to give us a call. Our stables are the most central in town—next door to Queen's Hotel.

We have a lot of new horses and rigs—second to none west of Winnipeg—to hire on reasonable terms.

You will always find good, reliable and accommodating men night and day at our stables to attend to your wants.

All our horses are first-class livery horses; can be driven by ladies; particular care has been taken to purchase horses of that class.

You can always depend on getting the best turnout in town at the Grand Union Stables.

N.B.—We do not advertise in one paper to contradict it in another as that constitutes a falsehood, but we keep the best Livery and Feed Stable—and at the lowest prices in town.
